3. In order to qualify for a leak adjustment, the eligible plumbing leak must generate a minimum additional charge of two (2) times the average of the Twelve (12) month bill.
4. Adjustments on water bills will NOT be made on the following:
 - a. Residential customers who do not have their own water meter.
 - b. Commercial, Agriculture rated, or Industrial Customers.
 - c. Premises left or abandoned without reasonable care for the plumbing system.
 - d. Leaks on irrigation systems or irrigation lines, leaks in water features such as fountains, etc., leaks on any water lines coming off the primary water service line, plumbing leaks in any structure other than the primary residence.
 - e. Negligent acts such as leaving water running.

7. In any case where a customer might incur a leak before there is three months of average usage, an adjustment will not be made until they have established three months of average usage.

Any residential customer may decline to participate in our ServLine Leak Protection Program by calling (615)994-6214. Any customer declining to participate in the program will be responsible for the full amount of their water bill with no adjustments being made. Our new Water & Wastewater Authority of Wilson County ServLine Program is the only way qualifying leak adjustments will be made for leaks occurring after May 1, 2020.
